About Negus Consultants

Negus Consultants provides comprehensive college application support to students applying to universities worldwide, helping them build competitive applications, secure meaningful scholarships, and navigate a complex, high-stakes global admissions process with clarity and confidence.

Our service architecture spans standalone modules — essay writing, editing, and review — through structured mentorship programs and fully managed, end-to-end application packages, so a family can choose the level of support that matches their needs, timeline, and budget.

Version 005 carries forward all Version 004 standalone-service, full-application-package, pricing, and refund content unchanged, and replaces Section 2 (Mentorship Packages) in full. Every mentorship tier is now grounded in the Common Application, every tier carries its own scholarship-guidance component, Gold and Platinum have been split into two clearly distinct six-month tracks instead of one overlapping tier, and every essay-related bullet across the mentorship tiers is cross-referenced to the specific standalone essay service (1.1, 1.2, or 1.3) it does or doesn't include.

1. Standalone Services

Bespoke individual service solutions for applicants who need targeted assistance at a specific milestone in their admissions timeline. Each standalone service is billed independently at the rates in Section 4 and can be combined freely.

1.1 Essay Writing

Overview: Professional end-to-end writing support for students requiring a compelling, strategically positioned application narrative.

Coverage

- Personal Statement (up to 650 words — the Common Application limit)
- Supplemental Essay (typically 100–650 words, per the target institution's stated limit)
- Other essay forms (activity descriptions, short essays, scholarship essays)

Scope & Process

- One essay per service request; multiple essays are billed individually at the Section 4 rate for the requested turnaround

Deliverable: One completed essay draft, delivered as a formatted Word document within the confirmed turnaround window (4, 5, or 6 business days).

NB: Client has the right to request one round of editing. Additional rounds are billed under 1.2 Essay Editing.

1.2 Essay Editing

Overview: Professional editorial enhancement for students who have already produced full drafts of their core or supplemental essays.

Coverage

- Advanced grammar, syntax, and mechanical corrections
- Sentence structure optimization and stylistic refinement
- Clarity, impact, and readability enhancements
- Content compacting and core message alignment
- Flow, transition, and structural coherence improvement

Scope

- Applies to a single essay already drafted in full by the client; priced on the submitted draft's word count per Section 4

Deliverable: One edited draft with visible tracked changes, plus a short editor's note summarizing the key improvements made.

NB: Includes one round of editing on the submitted draft.

1.3 Essay Reviewing

Overview: A non-interventional, diagnostic evaluation of completed essays providing objective, elite-tier admissions critique.

Coverage

- Granular, holistic essay assessment
- Core narrative strength and structural hook analysis
- Weakness, redundancy, and red-flag identification
- Admissions competitiveness evaluation against the target prompt and other metrics
- Strategic improvement and differentiation recommendations

Scope

- Diagnostic only — the reviewer does not alter the essay text

Deliverable: One written diagnostic report covering the items above.

1.4 Recommendation Letter Assistance

Overview: Strategic planning and support to build authoritative, distinctive letters of recommendation.

Coverage

- Recommender persona and theme strategy mapping
- Anecdotal content and quantitative achievement guidance
- Draft preparation support and outline generation
- Editorial refinement and structural optimization

Scope

- Covers up to either Teacher or Counselor or other additional recommendations

NB: Client has the right to request one round of editing per recommender.

1.5 Financial Aid Form Assistance

Overview: End-to-end navigation of complex institutional and international financial aid documentation.

Coverage

- CSS Profile financial data entry and asset mapping
- International Student Financial Aid Application (ISFAA) execution
- College-specific bespoke financial aid questionnaires

Scope

- CSS Profile, ISFAA, or institution-specific form

NB: Process includes a maximum of 2 or 3 virtual meetings per form.

1.6 Common App Application Support

Overview: Direct mechanical and strategic guidance for executing the foundational Common Application system.

Coverage

- Common App profile architecture and system configuration

- Personal data, demographic, and family mapping
- Academic record, transcripts, and testing portfolio architecture
- High-impact activities section optimization
- Honors, awards, and institutional distinctions prioritization
- Other short essay-like forms in the core Common App section

Scope

- Covers full Common App account setup and all shared sections one time per applicant — a single flat-fee service regardless of how many colleges are ultimately added

NB: Client has the right to request one round of editing on written sections (activities list descriptions, additional information).

2. Mentorship Packages

All five mentorship tiers are built around a single, consistent throughline: every package orients the student toward the Common Application, and every tier carries its own explicit scholarship-guidance component rather than leaving scholarships as an afterthought. Negus Special, Bronze, and Silver form a single ascending ladder that takes a student from a first diagnostic conversation into an active application strategy. At the six-month mark, that ladder splits into two distinct, non-overlapping tracks rather than one continuing tier: Gold is for students who are ready now to actively complete and submit their Common Application. Platinum is for students who are not yet ready to apply and need a dedicated mentor to build a stronger, more competitive profile first. A student enters whichever track matches where they actually are in the process — Platinum is not "more of" Gold, and a student does not need to pass through Gold to reach it.

2.0 Negus Special Mentorship

Duration: 2 weeks | Cadence: 2 virtual meetings per week | Sessions: 4

A short diagnostic entry point for students who are just beginning to think about the college admissions process and want clarity before committing to a longer program. This package orients the student to the Common Application system and the broader scholarship landscape, without opening a formal account or beginning any written work.

- **Initial student profile evaluation:** A first look at the student's academic record, extracurricular involvement, and overall readiness for the admissions process.
- **Common App orientation:** An introduction to how the Common Application is structured and how the student's profile will eventually map onto it.
- **Goal-setting session:** Clarifying the student's motivations, target countries, and what a successful outcome looks like.
- **University & major selection guidance:** Early discussion of realistic university tiers and academic fields based on the student's interests and profile.
- **Scholarship opportunity overview:** A first pass at the types of scholarships the student may be eligible for, so cost is factored into planning from the outset.
- **Personalized admissions roadmap:** A written outline of the steps ahead and roughly when each should happen.
- **Application timeline planning:** Mapping key deadlines against the student's academic calendar.
- **Country & program selection advice:** Weighing the trade-offs of different destination countries and program types.
- **Common mistakes to avoid:** A candid walkthrough of the pitfalls Negus sees most often in first-time applicants.
- **Live Q&A session:** Open floor for the student and family to ask questions directly.
- **Follow-up action plan:** A short list of concrete next steps the student can act on immediately.

Price: 2,000 ETB

NB: Does not include essay writing, essay review, or Common App account setup — those begin in later tiers.

2.1 Bronze Mentorship

Duration: 1 month | Cadence: 2 virtual meetings per week | Sessions: 8

Bronze builds directly on the Negus Special package and begins laying the groundwork the student will eventually carry into the Common Application, while opening the first formal conversation about scholarships.

- **Everything in Negus Special**
- **Academic profile improvement plan:** Concrete recommendations for strengthening coursework, testing, and academic positioning.
- **Extracurricular activity planning:** Identifying activities that build a coherent, authentic profile rather than a long but shallow list.
- **Common App strategy preview:** A walkthrough of the Common App's core sections — Activities, Honors, Personal Details — so the student knows what to build toward.
- **Personal story development:** Early exploration of the experiences and values that may eventually anchor the personal statement.
- **Resume guidance:** Structuring a clean, admissions-ready activity resume.
- **College research methods:** Teaching the student how to research and evaluate universities independently.
- **Scholarship shortlist building:** Identifying specific scholarship programs — need-based, merit-based, and country-specific — that fit the student's profile.
- **Weekly progress reviews**
- **Accountability coaching**
- **One essay brainstorming / outline coaching session:** Coaching only — not the standalone Essay Writing, Essay Editing, or Essay Reviewing services in Section 1.

Price: 4,000 ETB

2.2 Silver Mentorship

Duration: 2 months | Cadence: 2 virtual meetings per week | Sessions: 16

Silver moves the student from groundwork into an active application strategy, with the Common Application beginning to take real shape and scholarship planning becoming more concrete.

- **Everything in Bronze**
- **Complete application strategy:** A full plan covering university list, essay topics, and recommendation strategy.
- **Common App structural walkthrough:** Guided orientation to setting up and organizing the account — full setup remains a separate service under Section 1.6.
- **Two essay coaching sessions:** Developmental coaching on brainstormed ideas and direction — not the diagnostic Essay Reviewing service (1.3) or the standalone Essay Editing service (1.2).
- **Personal statement feedback:** Early-stage reaction to brainstormed ideas and direction, not a full draft review.
- **Scholarship search strategy:** Matching the student to specific scholarship opportunities and mapping each one's requirements and deadlines.
- **Interview preparation:** Foundational coaching on how to answer common admissions and scholarship interview questions.
- **Decision-making guidance:** Help weighing offers, aid packages, and final university choices as they arise.

- **Financial aid planning:** Overview of the financial aid forms the student will eventually need to complete.

Price: 7,000 ETB

2.3 Gold Mentorship — Common App Application Mentorship

Cadence: 2 virtual meetings per week

Gold provides hands-on, application-focused support for students who are actively completing their Common Application. The mentor works step-by-step alongside the student, coaching every part of the process while ensuring the student remains the true author and owner of their application.

- **Everything in Silver**
- **Common App guidance:** Step-by-step assistance completing every section of the Common Application.
- **Application strategy:** Helping the student decide how to present their academic and extracurricular experiences most effectively.
- **Activity section guidance:** Advising on how to organize, describe, and prioritize activities and experiences.
- **Honors & awards guidance:** Helping the student present achievements clearly and strategically.
- **Essay brainstorming:** Structured exercises to surface meaningful experiences, values, and stories for the personal statement.
- **Essay structure guidance:** Help organizing ideas into a compelling narrative — the student does the actual writing.
- **Essay review (diagnostic feedback):** Feedback on student-written drafts for clarity, structure, authenticity, and storytelling — comparable to the standalone Essay Reviewing service (1.3), not a tracked-changes edit.
- **No essay writing or editing:** The mentor does not write the essay for the student or produce a polished, edited final draft. A professionally written draft is the standalone Essay Writing service (1.1); a tracked-changes edit is the standalone Essay Editing service (1.2), billed separately per Section 4 — or included automatically in Platinum (2.4), the one mentorship tier with editing rounds built in.
- **Supplementary essay guidance:** Brainstorming support for university-specific supplemental essays.
- **University selection guidance:** Building a balanced list based on academic profile, goals, and competitiveness.
- **Scholarship guidance:** Helping the student meet requirements and deadlines for scholarships already identified, alongside their college applications.
- **Application progress tracking:** Regular checks against deadlines and required materials.
- **Financial aid document guidance:** Support with submission and completion of financial aid applications.
- **Monthly performance evaluations & priority mentor scheduling**

Price: 16,000 ETB

NB: Assumes the student's profile is largely built and ready to present. The mentor's essay involvement is coaching and diagnostic feedback only. For done-for-you, fully managed application handling instead of coaching, see the Full Application Package tiers in Section 3.

2.4 Platinum Mentorship — Profile Development (Pre-Application)

Duration: 6 months (revised from 12 months) | Cadence: 2 virtual meetings per week | Sessions: ~48

Platinum is a separate track from Gold, not an extension of it. It is designed for students who are not yet

ready to apply and want to spend a focused six months intentionally building a strong, competitive profile before entering the application phase. The student receives one dedicated personal mentor for continuous guidance, strategic advice, accountability, and personalized feedback — the mentor does not complete the student's work or write on their behalf, and this tier does not include Common App account work or application submission support. As a premium addition, essay drafts the student produces during the six months are covered by unlimited diagnostic reviewing and up to two rounds of editing per draft, included at no extra charge.

- **Dedicated personal mentor:** One mentor for the full six months, rather than a shared or rotating mentor pool.
- **Profile assessment:** A full evaluation of the student's academic, extracurricular, leadership, and personal profile.
- **Personalized development plan:** A realistic, month-by-month roadmap addressing specific weaknesses and opportunities.
- **Academic guidance:** Advice on coursework, exams, and academic decisions that strengthen the profile.
- **Extracurricular strategy:** Identifying activities, projects, research, and leadership opportunities that reflect genuine depth rather than a padded list.
- **Profile-building direction:** Guiding the student toward initiative and personal development, not activity-collecting.
- **Opportunity & scholarship scouting:** Early identification of scholarships, universities, programs, and competitions worth targeting, well before application season opens.
- **Target-setting strategy:** Advising on realistic and appropriate university and scholarship targets to plan toward.
- **Personal & values brainstorming:** Helping the student articulate the experiences, values, and stories that will later anchor their application — general self-discovery, not essay-specific outlining, which is a Gold-tier service.
- **Unlimited essay reviewing:** Diagnostic feedback on any essay draft the student produces — comparable to the standalone Essay Reviewing service (1.3) — at no additional cost and with no cap on the number of passes.
- **Two rounds of editing per essay draft:** A tracked-changes edit — equivalent to the standalone Essay Editing service (1.2) — included at no extra charge, up to two rounds per individual essay draft.
- **Unlimited strategy consultations:** Check-ins as needed beyond the twice-weekly cadence, focused on profile-building decisions.
- **Priority response within 24 hours**
- **Stress and time-management coaching**

Price: 58,000 ETB

NB: Duration has been revised from 12 months to 6 months and the scope narrowed to profile-building plus essay reviewing/editing, so it no longer overlaps with Gold's application coaching; pricing is unchanged. Visa preparation, pre-departure guidance, and waitlist/appeal strategy have been removed, as they apply after admission decisions, outside this tier's pre-application scope. Unlike Gold — which gives diagnostic essay feedback only — Platinum is the one mentorship tier that includes actual editing rounds. When the student is ready to apply, they move into Gold (or a Full Application Package in Section 3) as a separate, subsequent engagement.

3. Full Application Package Tiers

A fully managed, end-to-end solution covering every stage of the admissions lifecycle, offered in three tiers so a family can match the number of colleges, essay volume, and coaching depth to their needs and budget.

3.1 Foundation Application Package

Colleges: Up to 3

Essays: 1 Personal Statement (up to 650 words) + up to 12 Supplemental Essays, combined supplemental word cap of 3,000 words; 2 Teacher and 1 Counselor Recommendation Letters

Baseline coverage in every tier

- Preliminary diagnostic one-to-one strategic consultation
- Holistic student profile and asset auditing
- Full Common Application management, activity auditing, and optimization
- Rigorous file assembly validation and admissions portal setup
- Comprehensive CSS Profile, ISFAA, and alternative institutional financial-aid form execution
- Interactive orientation covering high-probability institutional interview questions
- Continuous candidate portal monitoring, deadline tracking, and document verification updates
- One full round of essay editing based on client feedback

NB: College list is decided by the student.

Round	Amount (ETB)
Round 1	10,500
Round 2	13,250
Round 3	250,000

Timeline: 25 working days

3.2 Advantage Application Package

Colleges: Up to 5

Essays: 1 Personal Statement (up to 650 words) + up to 20 Supplemental Essays, combined supplemental word cap of 4,000 words; 3 Teacher and 1 Counselor Recommendation Letters

- Continuous candidate portal monitoring, deadline tracking, and document verification updates

NB: College list is decided by the student.

Round	Amount (ETB)
Round 1	13,500

Round	Amount (ETB)
Round 2	15,700
Round 3	250,000

Timeline: 35 working days

3.3 Distinction Application Package

Colleges: Up to 8, including reach / highly-selective institutions

Essays: 1 Personal Statement (up to 650 words) + up to 30 Supplemental Essays, combined supplemental word cap of 6,000 words; 3 Teacher, 1 Counselor, and 1 additional other Recommendation Letter

NB: College list is decided by the student.

Round	Amount (ETB)
Round 1	20,000
Round 2	25,000
Round 3	250,000

Timeline: 45 working days

N.B.

- Round 1 payment paid before Application Started
- Round 2 payment paid during Application Submission
- Round 3 payment paid after VISA secured

4. Commercial Matrix & Client Pricing

Client pricing for essay services scales with requested turnaround (4, 5, or 6 days). Faster turnaround carries a modest premium since rush labor costs more, while pricing for specialized documentation and application profiles remains fixed flat per request.

Essay Services (per word)

Service Line	4-Day	5-Day	6-Day
Essay Writing	26 ETB × word/day	25 ETB × word/day	24 ETB × word/day
Essay Editing	15 ETB × word/day	14.50 ETB × word/day	14 ETB × word/day
Essay Reviewing	7 ETB × word/day	6.5 ETB × word/day	—

Fixed Ancillary Service Pricing

Service	Price
CSS Profile Financial Assistance	1,000 ETB
ISFAA / Institutional Financial Forms	700 ETB
Recommendation Letter Assistance	700 ETB per letter
Standalone Common App Support	2,500 ETB

5. Refund & Cancellation Policy

All cancellation and refund requests are handled by Billing Assurance, who confirms service-delivery status with the Operations Coordinator before any refund is approved.

- Before work assignment: full refund minus a 5% non-refundable processing fee, if cancelled within 48 hours of payment confirmation
- After work has started, before the first draft is delivered: 50% refund of the unworked portion of scope; any partial work already produced is delivered to the client but is non-refundable
- After the QA-approved first draft has been delivered: no refund; the client retains all delivered drafts and the included revision round
- Mentorship packages: refund prorated based on sessions not yet held, minus a 10% administrative fee; the first (diagnostic) session is non-refundable once held
- Client-caused delays (missing documents, non-response for 5 or more days) do not obligate Negus Consultants to extend the original delivery commitment or issue a refund for missed timelines
- All cancellation and refund requests must be submitted in writing and logged in the client's Notion record; approved refunds are processed within 5 business days
